
Career Management

Career management is the ability to identify and articulate one's skills, strengths, knowledge, and experiences relevant to the position desired and career goals, and identify areas necessary for professional growth. The career-ready individual is able to navigate and explore job options, understands and can take the steps necessary to pursue opportunities, and knows how to self-advocate for opportunities in the workplace.

Adapted from the NACE Career Readiness Competencies

- ✓ Do you know your skills and strengths? Can you provide examples?
- ✓ Do you utilize campus resources like the career center, faculty, and the web to explore your career options?
- ✓ Are you building work experience through a summer job, internship, or volunteer and service opportunities?
- ✓ Do you know where you would like to be in ten years?

Here are some examples of how you can enhance your **career management skills** with a **political science degree**:

Field Internship - POLI 402

Mock Trial - POLI 119

Model African Union - POLI 266

Model United Nations - POLI 379
