Course Description

Our responsibility is one of decision—for to govern is to choose - John F. Kennedy

As stated by President Kennedy, making choices is at the heart of governing. How do policymakers make choices regarding public policy? This course will address this question by examining the policymaking process in the United States.

Throughout this course we will explore the historical and social context in which policymaking occurs; how problems reach the agendas of policymakers and how policies are formed to address those problems; the adoption of specific policy alternatives; how policies are implemented; and, finally, how public policies are evaluated.

Course Catalog: This course examines the cultural, economic, and institutional contexts that shape U.S. public policy. The course examines the processes by which policy problems are addressed and alternate solutions are adopted. Implications for solving public problems and resolving political disagreements in a manner consistent with democratic ideas are considered.

This course will be *lecture* and *discussion* based. Being able to adequately participate requires you to come to class prepared by having done the assigned readings prior to class. In addition, you should be prepared to participate in class by asking questions and making informed comments that

add to the class discussion. **I may call on you to answer a question or discuss your policy issue.**

Laptops are allowed, but discouraged. Phones are only to be used to answer quiz questions. *I encourage you to take notes by hand, with pen and paper. You learn better that way.* I recommend taking notes using the [Cornell Method](#). Also, lecture slides will generally **not** be made available outside of class.

Course Goals and Learning Objectives

The goals for this course are to:

- Understand the public policy process in the US

Important Information

Academic Integrity Statement

Lying, cheating, attempted cheating, and plagiarism are violations of our Honor Code that, when identified, are investigated. Each incident will be examined to determine the degree of deception involved.

Incidents where the instructor determines the student's actions are related more to a misunderstanding will be handled by the instructor. A written intervention designed to help prevent the student from repeating the error will be given to the student. The intervention, submitted by form and signed both by the instructor and the student, will be forwarded to the Dean of Students and placed in the student's file.

Cases of suspected academic dishonesty will be reported directly by the instructor and/or others having knowledge of the incident to the Dean of Students. A student found responsible by the Honor Board for academic dishonesty will receive a XXF in the course, indicating failure of the course due to academic dishonesty. This status indicator will appear on the student's transcript for two years after which the student may petition for the XX to be expunged. The F is permanent.

Students should be aware that unauthorized collaboration – working together without permission – is a form of cheating. Unless the instructor specifies that students can work together on an assignment, quiz and/or test, no collaboration during the completion of the assignment is permitted. Other forms of cheating include possessing or using an unauthorized study aid (which could include accessing information via a cell phone or computer), copying from others' exams, fabricating data, and giving unauthorized assistance.

Research conducted and/or papers written for other classes cannot be used in whole or in part for any assignment in this class without obtaining prior permission from the instructor.

Students can find the complete Honor Code and all related processes in the [Student Handbook](#)

Students with Disabilities

The College will make reasonable accommodations for persons with documented disabilities. Students should apply at the [Center for Disability Services](#) located on the first floor of the Lightsey Center, Suite 104. Students approved for accommodations are responsible for notifying me as soon as possible and for contacting me at least one week before any accommodation is needed.

Inclement Weather, Pandemic or Substantial Interruption of Instruction

If in-person classes are suspended, faculty will announce to their students a detailed plan for a change in modality to ensure the continuity of learning. All students must have access to a computer equipped with a web camera, microphone, and Internet access. Resources are available to provide students with these essential tools.
